EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John W. Harbour on 8 March 2005.

The application has been amended as follows:

The Title of the Invention has been replaced with the following -- METHODS FOR PLANT TRANSFORMATION AND REGENERATION OF PAPAVER SOMNIFERUM --.

In the claims;

At Claim 30, line 4, -- an -- has been inserted before "exogenous". At line 7, "maintains" has been amended to -- stabilizes --. At line 8, "a range" has been amended to -- the range --.

At Claim 31, line 3, -- an -- has been inserted before "exogenous". At line 5, "maintains" has been amended to -- stabilizes --. At line 6, "a range" has been amended to -- the range --.

At Claim 32, line 7, "maintains" has been amended to -- stabilizes --. At line 8, "a range" has been amended to -- the range --.

2. Applicant's attorney, John W. Harbour, approved the amendment to put the application in condition for allowance.

Art Unit: 1638

3. The following is an examiner's statement of reasons for allowance: The insertion of "an" before "exogenous" has been made as a matter of form, and is not intended to limit the claimed invention. The replacement of the limitation "maintains" with the limitation "stabilizes" has been made to broaden the claimed method to not limit the method to the exact pH range, but to allow for slight variation outside the range that would be understood by one of skill in the art. Support under 35 USC 112, first paragraph, for all of the above amendments can be found on page 7, 1st paragraph, of the specification.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to David H. Kruse, Ph.D. whose telephone number is (571) 272-0799. The examiner can normally be reached on Monday to Friday from 8:00 a.m. to 4:30 p.m.
